DRAIN MAINTENANCE SPRAYING

As an adjacent landowner to the Drain, this letter is to notify you that there will be spraying for brush control sometime this season. The spraying should keep the drain from having to be re-dug for a longer period of time. The spraying material to be used by the Contractor is guaranteed not to damage crops along the drain and has been approved by the Environmental Protection Agency.

There should be no damage to the crops by equipment on the drain right of way. If you have any further questions regarding this matter, please feel free to contact my office at (989) 772-0911 ext 247.

Very truly yours,

Richard F. Jakubiec
Isabella County Drain Commissioner
