## **SUP#18-03 Group Child Care Home**

Mr. Johnson stated that an application was received by Deborah Rhinehart for a special use permit to establish a Group Child Care home. It was reported that Mrs. Rhinehart previously operated a group child care home, discontinued for a few years and is seeking the special land use to re-establish the group child care home.

Mr. Johnson noted that based on the information provided by Mrs. Rhinehart, there was another group child care home with 1,500 ft of Mrs. Rhinehart. Staff informed the commission that the state law states that if they are meeting all the state requirements the commission *shall* approve the special land use. In Mrs. Rhinehart's case, she does not meet all the state law requirements having another group child care home within 1,500 feet, therefore the planning commission *may* approve the special land use.

Mr. Johnson reported the applicant is meeting all the Isabella County Ordinance requirements and she has requested to begin the special land use at 6:00 a.m. to allow for parents to drop children off.

The commission discussed the request.
