PRESS RELEASE

For Immediate Release
December 14, 2022

The Isabella County's 2023 Curbside Recycling Schedules

Isabella County Material Recovery Facility would like to thank Lincoln and Rolland Townships for their many years of participating in Isabella County's curbside program. Though these townships will no longer be participating in curbside pick-ups, effective January 1, 2023, we have added depot sites to continue receiving material from these areas of the county. These depots will now be open full time.

The remaining townships and villages of Isabella County's Curbside programs have significant changes in their 2023 schedules, please stop by the Material Recovery Facility located at 4208 E. River Road or your local township or village halls to pick up the 2023 schedule. You may also visit the Isabella County's web site www.isabellacounty.org or your local township or village websites to access the 2023 curbside schedules. If you need assistance, please call the Material Recovery Facility's office at 989-773-9631.

FOR THE PRESS:

Questions or for clarification, please contact Nicole F. Frost, Isabella County Administrator/Controller at 989-317-4058.
