3. Project Type

The earth change will disturb less than 225 square feet and that the earth change will not contribute sediment to lakes, streams or other water bodies of the State.

An earth change of a minor nature that is stabilized with 24 hours of the initial earth disturbance and that will not contribute sediment to lakes, streams or other water bodies of the State.

Normal road and driveway maintenance, such as grading or leveling, that does not increase the width or length of the road or driveway and that will not contribute sediment to lakes or streams.

Installation of oil, gas, and mineral wells under permit from the supervisor of wells if the owner-operator is found by the supervisor of wells to be in compliance with the conditions of Part 91.

A beach nourishment project permitted under part 325 of Act No. 451 of the Public Acts of 1994, as amended, being § 324.32501 et seq. of the Michigan Compiled Laws.

4. Name of and distance (feet) to nearest water body

Name: _____

Distance: _____

Date Start: _____

Date Complete: _____

I affirm that all information in this application is accurate and that I (we) will conduct the above-described earth change in accordance with Part 91, Soil Erosion and Sedimentation control, of the Natural Resource and Environmental Protection Act, 1994 PA 451, as amended, applicable local ordinances, and the documents accompanying this application. I hereby authorize the Soil Erosion Control Agent to inspect this project site for conformance. I understand that payment of the fee does not guarantee a permit will be issued, and I understand no earth change is authorized until a permit is issued and posted on-site.
