March 10, 2025

Honorable Frank Engler, Chairperson
Members of the Isabella County Board of Commissioners
County of Isabella
200 North Main Street
Mount Pleasant, Michigan 48858

Members of the Board:

The Annual Comprehensive Financial Report of the County of Isabella, Mount Pleasant, Michigan, for the year ended September 30, 2024, is submitted herewith. The financial statements included in this report have been audited by Rehmann Robson. The Annual Comprehensive Financial Report is prepared for the purpose of disclosing the County's financial condition to its residents, elected officials, and other interested parties.

The financial statements have been prepared in compliance with applicable statutes of the State of Michigan and generally accepted accounting principles in the United States of America (GAAP) along with the Governmental Accounting Standards Board's (GASB) statements and interpretations.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. We believe the data as presented is accurate in all material respects; that it is presented in such a manner so as to fairly set forth financial position and results of operations of the County as measured by the financial activity of its funds; and that all disclosures necessary to enable the statement reader to gain the maximum understanding of the County's affairs have been included.

It is believed that the Annual Comprehensive Financial Report substantially conforms to the high standards of financial reporting promulgated by the Governmental Accounting Standards Board and the American Institute of Certified Public Accountants. This report will be submitted to the Government Finance Officers Association's (GFOA) Certificate of Achievement for Excellence in Financial Reporting Program.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

THE REPORTING ENTITY AND ITS SERVICES:

This report includes all funds of the County and its component units as defined in Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity." In accordance with the criteria of this

statement the Department of Health and Human Services is under the oversight of the Isabella County Department of Health and Human Services Board. These organizations, except for the Building Authority, are not legally separate. In addition, the County maintains a significant degree of financial accountability over the operations of these units. The Isabella County Building Authority is a legally separate organization. However, its operations are blended into the County fund structure because its sole purpose is to finance and construct the County's public buildings. Fiscal year 2020 was the last year the Building Authority was actively operational. All County debt under the Building Authority was paid off during FY2020 and the Authority was no longer active at year end.

PROFILE OF THE GOVERNMENT:

The management of Isabella County is overseen by a district-elected Board of Commissioners. This Board consists of seven members. Commissioners are elected for two-year terms and have the responsibility of making appropriations to all County functions and establishing policy for all County operations except the Trial Court. The Board of Commissioners appoints an Administrator/Controller who has the overall responsibility to oversee the administrative duties of the County except for Elected Officials' offices. Management of the Trial Court is overseen by the Chief Trial Court Judge who is also responsible for administrative oversight of the Court.

In Fiscal Year 2024, the County provided many services to the County residents including Sheriff's Office Road Patrol services in the unincorporated jurisdictions of the County, the constitutional offices of the County Clerk, Treasurer, Register of Deeds, Sheriff, and Prosecutor and the statutory office of the Drain Commissioner. In addition, the County supports many other programs such as services to older citizens through the Commission on Aging, cultural and recreational services provided by the Parks and Recreation Department, MSU Extension, and others.

FACTORS AFFECTING FINANCIAL CONDITION:

Local Economy:

Isabella County, located near the geographical center of Michigan's Lower Peninsula, has a strong economy and enjoys a rich human and technical resource base. The presence of Saginaw Chippewa Indian Tribe's Soaring Eagle Casino and Resort and Central Michigan University help to assure economic viability by providing a secure foundation for the area's economy.

The Mt. Pleasant Area Convention and Visitor's Bureau (CVB) is continuing its efforts to promote tourism throughout the entire County. Two of the State's major thoroughfares, US-127 and M-20, meet in Mt. Pleasant accounting for millions of vehicle passengers annually.

Recreation:

Isabella County is home to multiple, vibrant and diverse recreational opportunities. The County has over 1,000 acres of park lands which include over 175 campsites, fishing, swimming, boating, hiking, playgrounds, cross country skiing and more. The Isabella County Parks and Recreation Department also offers Art From Our Park, Civil War enactments, nature walks, cross country skiing and snowshoeing workshops, disc golf tournaments and many more activities. Isabella County is a partner in the Pere Marquette Rail Trail, a 100-acre 8.25-mile barrier free non-motorized pathway.

The Saginaw Chippewa Indian Tribe Casino and Resort offers gaming, a 500-room luxury hotel, fully equipped conference center and a multitude of restaurants. The Soaring Eagle Casino and Resort also offers live entertainment and performances.

Central Michigan University is home to many recreational and entertainment activities such as sporting events, an art gallery, cultural activities, musical concerts and more.

From water parks, to golf courses, City, Village, Township and County parks, the beautiful Chippewa River, the University, the Tribe, vibrant downtowns, great walkability, movie theaters, restaurants and shopping; Isabella County offers many options for recreation to residents and visitors alike.

Commercial:

The retail trade business continues to be a major contributor to the growth of the County. Positioned strategically near the north and south US-127 interchanges into Mt. Pleasant, Home Depot, Target, Wal-Mart, Sam's Club, Kohl's, Menards, and Meijer department stores contribute significantly to the volume of retail trade conducted within the confines of the County, employ County residents, and draw people into our community.

Financial Management:

Management of the County is responsible for establishing and maintaining internal control designed to ensure that the assets of the County are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived; and 2) the valuation of costs and benefits requires estimates and judgments by management.

The County continues to monitor and update on a periodic basis all of the financial policies that have a material impact on the process surrounding the financial statement preparation and the underlying data used to prepare such statements. We have recently updated our capital assets, fund balance, procurement, credit card, and Federal grant management policies, all of which have some component of impact on the financial activities of the County. We continually look for improvements in all the areas that could have an impact on current and future financial statements and strive to keep those areas as up-to-date as possible.

Budgeting Control:

Isabella County maintains budgetary control with the objective to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the County Board of Commissioners. Activities of the General, Special Revenue, Debt Service, and the Capital Projects funds are included in the annual appropriation budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is exercised at the activity level for the general fund and at the fund level for special revenue funds.

Generally, the budget and approved appropriations lapse at the end of the fiscal year, unless specifically re-appropriated by Board action. Encumbrance accounting is not employed by the County, because it is at present considered not necessary to assure effective budgetary control or to facilitate effective cash planning and control.

Single Audit:

As a recipient of federal and state awards, the County is responsible for ensuring that adequate internal control is in place to achieve compliance with applicable laws and regulations related to those programs. This internal control is subject to periodic evaluation by management and the independent auditors of the County if the County expends \$750,000 or more in Federal expenditures in a fiscal year. For the year ended September 30, 2024 the County expended over \$750,000 in two separate major programs: Sheriff's Office and Correctional Facility and the American Rescue Plan Act funds, therefore a Federal compliance (Single) Audit was conducted.

Risk Management:

The County utilizes a high deductible health insurance plan through Blue Cross and Blue Shield of Michigan, (BCBSM) combined with a health reimbursement account (HRA) administered by the County using an independent third-party administrator (TPA). The County expects this model to reduce risk exposure for medical claims and reduce its overall cost of providing health insurance coverage for employees. The program, including prescription drugs, dental and vision services, is accounted for in the Insurance Fund (an internal service fund),

and is set up as a “pool” of participating employees. Insurance premiums for coverage, medical bills that are paid from the HRA, and administrative charges to the TPA are paid from the Fund.

Revenue for Fund operations originate from the Payroll function. Employee premium cost-shares, and the contribution required by the County to fund the balance of premiums and HRA costs, are deposited into the Fund through the Payroll function. The premiums are determined based on the rate established by BCBSM and the TPA’s estimate of annual deductibles that will be paid from the HRA. These rates vary depending on the coverage selected by the individual employee. The County sets caps on the amount of premiums it will pay for non-union employees and negotiates caps with its labor unions. Any premiums above the caps are paid by the employees through payroll deductions. For additional information concerning risk management, refer to Note 17 of the Notes to the Financial Statements.

Employee Pension Plan:

Isabella County participates in the Michigan Municipal Employees’ Retirement System (MERS); an agent multiple employer state-wide, public employee defined benefit pension plan. Under this plan, the County is required to contribute at an actuarially determined rate. Effective in 2002, all new employees are in a defined contribution plan through MERS. Under this plan, the County contributes 7% and the employee contributes either 2% or 3% of their gross salary, based on their associated bargaining unit. For additional information concerning the employee retirement system, refer to Notes 13 and 14 of the Notes to the Financial Statements.

OTHER INFORMATION:

Independent Audit:

The Michigan Uniform Accounting and Budgeting Act requires an annual audit by independent certified public accountants. The public accounting firm of Rehmann Robson was selected by the Isabella County Board of Commissioners to perform the County’s annual audit. In addition to meeting requirements set forth in state statutes, the audit also was designed to meet the requirements of Government Auditing Standards. The auditor’s report on the financial statements and combining and individual fund statements and schedules is included in the financial section of this report.

Acknowledgements:

I wish to thank the members of the Isabella County Board of Commissioners for your valuable input and support in planning and conducting the financial operations of the County in a thoughtful and deliberative manner. I also wish to thank the Elected Officials, appointed Department Heads, and staff whose commitment to excellence in public service is reflected in this report and in the operations of Isabella County.

Respectfully submitted,

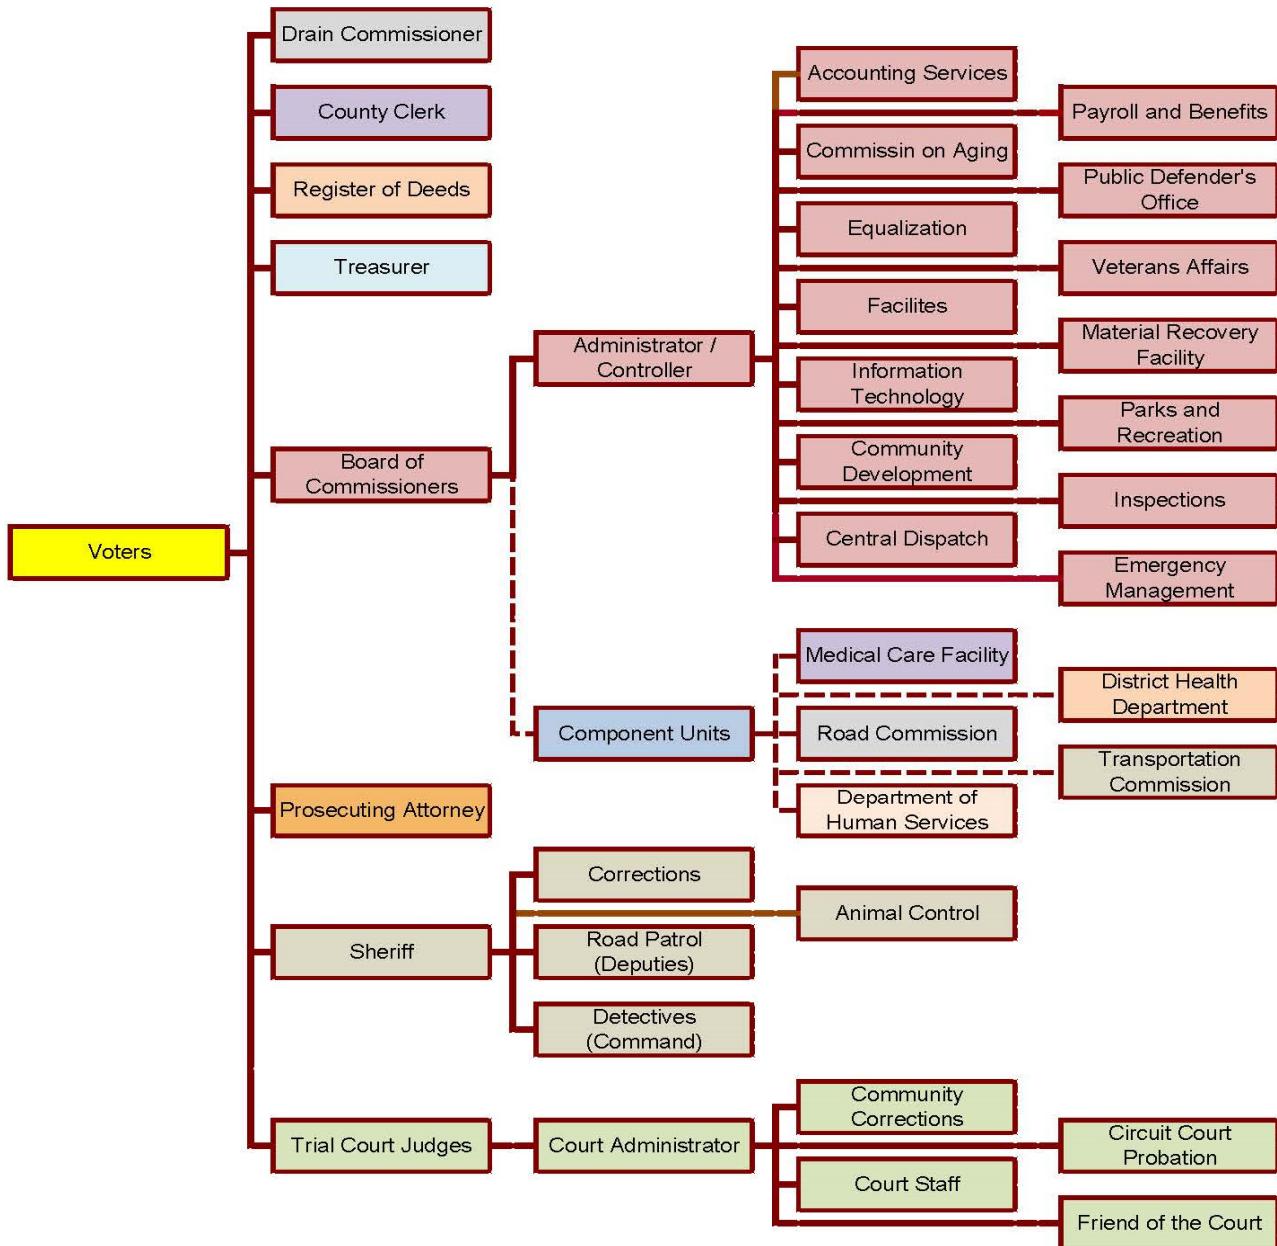

Brian A. Smith
County Administrator/Controller

Chris Witmer
Director of Finance

INDEPENDENT AUDITORS' REPORT

March 10, 2025

Board of Commissioners
Isabella County
Mt. Pleasant, Michigan

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of **Isabella County, Michigan** (the "County"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of September 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof, and the budgetary comparisons for the general fund and the major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the following entities, which represent the indicated percentages of total aggregate discretely presented component units:

	Percent of Total Assets and Deferred Outflows	Percent of Total Net Position	Percent of Total Revenues
Isabella County Road Commission	63%	68%	38%
Isabella County Transportation Commission	4%	4%	16%
Isabella County Medical Care Facility	10%	9%	41%

Those statements were audited by other auditors whose reports thereon were furnished to us, and our opinions, insofar as they relate to the amounts included for the above entities, are based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Independent Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Independent Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the schedules for the pension plan, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued, under separate cover, our report dated March 10, 2025, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Rehmann Loham LLC". The signature is fluid and cursive, with "Rehmann" and "Loham" stacked vertically and "LLC" to the right.

MANAGEMENT'S DISCUSSION AND ANALYSIS

ISABELLA COUNTY, MICHIGAN

Management's Discussion and Analysis

These financial statements are the responsibility of Isabella County's management. We offer readers this narrative overview and analysis for the fiscal year ended September 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information that is furnished in the financial statements and notes to the financial statements.

Financial Highlights

· Total net position	\$ 49,453,449
· Change in total net position	7,619,266
· Fund balances, governmental funds	27,821,486
· Change in fund balances, governmental funds	(947,451)
· Unassigned fund balance, general fund	11,435,144
· Change in fund balance, general fund	(1,730,982)
· Installment debt outstanding	35,592,892

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements, which comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements.

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private sector business.

The *statement of net position* presents information on all of the County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) or from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, judicial, public safety, public works, health and welfare, recreation and culture and community and economic development. The business-type activities of the County include delinquent tax collections, building inspections, recycling and concessions.

The government-wide financial statements include not only Isabella County (known as the *primary government*), but also legally separate *component units* for which the County is financially accountable. Financial information for the component units is reported separately from the financial information presented for the primary government itself.

ISABELLA COUNTY, MICHIGAN

Management's Discussion and Analysis

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Isabella County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long term impact of the government's near term financing decisions. Following both the governmental fund balance sheet and the governmental fund statement of revenue, expenditures and changes in fund balances are reconciliations to facilitate this comparison between *governmental funds* and *governmental activities*.

Information for each of the County's individual governmental funds is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund, commission on aging and opioid settlements special revenue funds, and jail construction capital projects fund which are considered to be the County's major governmental funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget for its general and special revenue funds. Budgetary comparisons statements or schedules have been provided herein to demonstrate compliance with those budgets.

Proprietary Funds. The County maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its jail commissary operations, material recovery facility, building inspections department, and delinquent tax operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses an internal service fund to account for its self insurance activities. Because these services benefit governmental and business-type functions, they have been allocated between governmental activities and business-type activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide information for the delinquent tax revolving, recycling, and PA 123 restricted tax funds, which are considered to be major enterprise funds of the County, as well as the aggregate of the nonmajor enterprise funds.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

ISABELLA COUNTY, MICHIGAN

Management's Discussion and Analysis

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. Required supplementary information includes this management's discussion and analysis and the schedules for the County's pension plan.

The *combining statements and schedules* referred to earlier in connection with nonmajor governmental and enterprise funds are presented immediately following the required supplementary information.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Isabella County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$49,453,449 at the close of the most recent fiscal year. One of the largest portions of the County's net position (43 percent) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment) less any related debt used to acquire those assets that are still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

ISABELLA COUNTY, MICHIGAN

■ Management's Discussion and Analysis

An additional portion of the County's net position (25 percent) represents the resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the County is able to report positive balances in all categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

The government's net position increased by \$7,619,266 during the current fiscal year. This was comprised of an increase in governmental activities of \$7,035,923 and an increase in business-type activities of \$583,343.

ISABELLA COUNTY, MICHIGAN

Management's Discussion and Analysis

Governmental activities. The County had an increase in governmental activities net position totaling \$7,035,923 in fiscal year 2024. This change was the result of the following:

- Operating grants increased \$402,277 from the previous year due to additional Tribal 2% distributions of \$917,023 for one time projects for Commission on Aging, Recycling, Parks and Recreation, Prosecuting Attorney, Central Dispatch & Emergency Management.
- Tax revenue increased \$1,090,469 from the previous year which is attributed to a County taxable value increase of 4.25%.
- Unrestricted grants and contributions decreased \$4,015,592 from the previous year which is attributed to the recognition of ARPA funds to help fund general government services.
- Unrestricted investment earnings increased \$384,841 from the previous year due to higher interest rates.
- General government expenses increased \$1,073,935 from the previous year which is due in major part to the change in how pension liability and capital outlay expenses are allocated in our financial statements due to the government wide allocation, resulting in a increase in general government expenses.
- Public safety expenses increased \$2,802,219 from the previous year which is due in major part to the unexpected closure of the Administration Building for asbestos remediation.
- Interest on long-term debt expenses increased \$499,417 from the previous year which is due to an additional \$24,922,892 in 2022 Jail Bonds for the construction of the Isabella County Sheriff's Office & Correctional Facility.

The following chart presents program revenues and expenses of the governmental activities for the fiscal year:

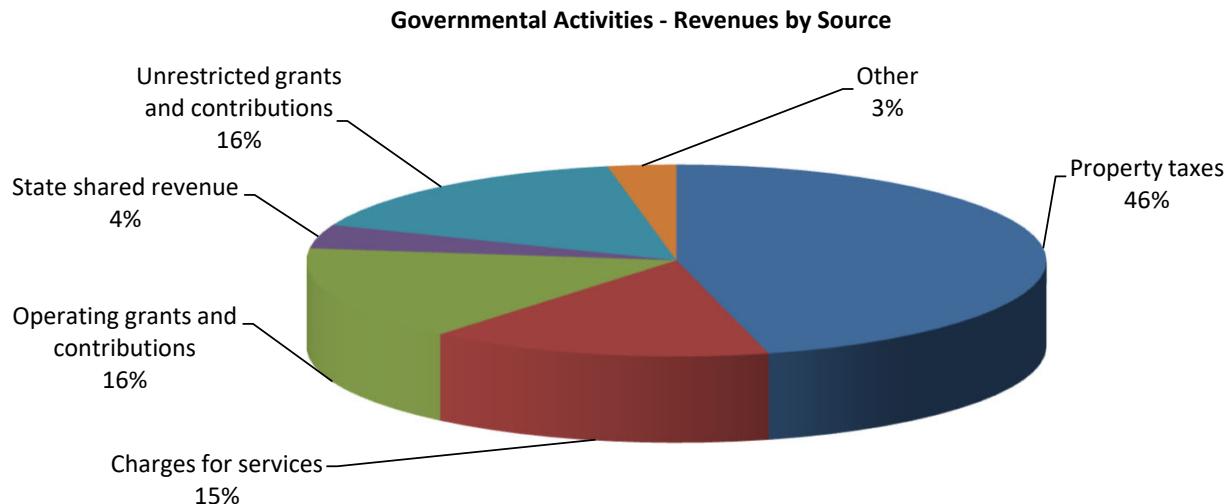

Governmental Activities - Program Revenues and Expenses

ISABELLA COUNTY, MICHIGAN

Management's Discussion and Analysis

The following chart presents revenues by source for the governmental activities for the fiscal year:

Business-type Activities. Business-type activities increased the County's net position by \$583,343. This change was the result of the following:

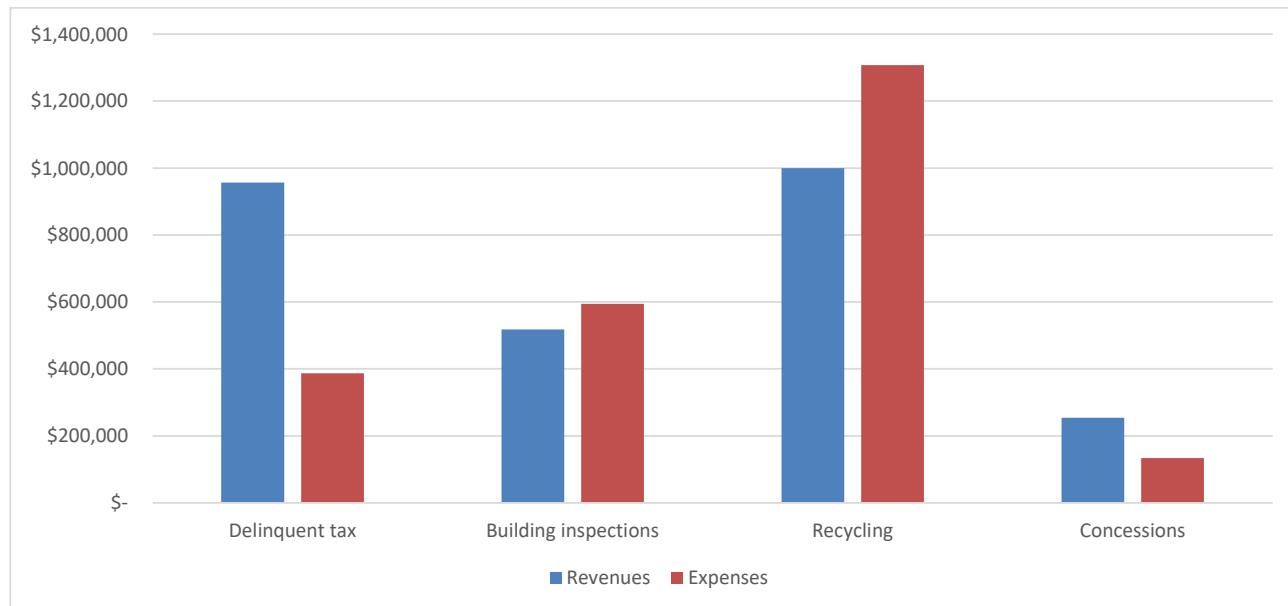

- The recycling activity decreased business-type activities net position by \$122,167 in 2024. There were no ARPA grants funds in current and no contribution from the City of Mt. Pleasant in current year. Transfers in from General Fund were also decreased compared to prior year.
- The delinquent tax revolving activity increased business-type activities net position by \$383,560 in 2024 as a result of collecting more delinquent taxes in the current year.
- The PA 123 restricted tax activity increased business-type activities net position by \$417,148 in 2024. This is attributed to an increase in tax sales in the current year, which is dependent on the number of parcels available for purchase and the number actually sold.

Management's Discussion and Analysis

Financial Analysis of the County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$27,821,486, a decrease of \$947,451 in comparison with the prior year. Approximately 66 percent (\$18,372,462) of total fund balance constitutes unassigned, assigned, or committed fund balance, which is available for spending at the government's discretion. The underlying distinction between committed and assigned is that committed fund balance has been designated for a specific purpose by a formal Board motion and can only be uncommitted by a formal Board motion. The remainder of fund balance is restricted or nonspendable to indicate that it is not available for new spending because it has already been spent for items such as inventory, prepaid items, or is restricted for specific purposes by external third parties.

The general fund is the chief operating fund of the County. At the end of the current fiscal year, assigned and unassigned fund balance of the general fund totaled \$14,783,383 while total fund balance was \$18,756,201. As a measure of the general fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 35 percent of total general fund expenditures and transfers out.

The general fund had a decrease of \$1,730,982 in the current fiscal year. The amended budget planned to use \$5,331,860 of fund balance in order to balance the budget, but ended the fiscal year using \$1,730,982 to cover the deficit in revenues over expenditures.

The commission on aging fund increased fund balance by \$123,298 to \$3,208,209 as of the most recent fiscal year end. This increase is due mostly to an increase in Third Party Contributions, specifically to Home Delivered Meals.

The opioid settlements fund increased fund balance by \$716,094 to \$1,151,860 as of the most recent fiscal year end. This increase is due to additional opioid settlements and interest earned.

The jail construction fund fund balance ended the current year at \$0, as bond proceeds and the General Fund match of 12% covered all expenditures. Total transferred in by the General fund to meet the 12% match requirement was \$3,209,073. The Sheriff's Office and Correctional Facility is anticipated to be substantially complete by February 11, 2025.

Proprietary funds. The County's proprietary funds provide the same type of information found in the business-type activities in the government-wide financial statements, but in more detail.

ISABELLA COUNTY, MICHIGAN

Management's Discussion and Analysis

General Fund Budgetary Highlights

General fund revenues and other financing sources were more than the budgetary estimates by \$572,470. This variance was mainly due to property taxes and interest and rents being over budget by \$230,182 and \$532,763, respectively. This was the result of the County taxable value increasing 4.25% and interest rates for the funds that the County Treasurer invests, remained significantly higher in the current year.

General fund expenditures and other financing uses were less than the budgetary estimates by \$3,028,408. This variance was in part due to some larger capital projects not being complete or not needing as much funds as initially anticipated in the current year such as the Drains and Sheriff vehicle purchases, Sheriff Radio Tower Project, Facilities capital outlay and the County's portion of the Sheriff's Office and Correctional Facility for a combined total of \$1,071,556. Multiple General Fund departments, mainly Trial Court, Corrections, Sheriff, Clerk, Equalization and Prosecuting Attorney, continue to have salary accounts and benefit accounts that accompany those salaries, less than budgetary estimates due to unspent wages of approximately \$1,297,316 due to staff turnover and the length of time there are vacancies. With the Public Defender's Office continuing to be fully operational, there were approximately \$33,000 less expenditures in the Managed Assigned Counsel department, as the majority of those expenditures were now paid through the Indigent Defense fund. Overall, departments are very mindful of their budget when it comes to spending taxpayer dollars, which is a testament of the expenditures being less than budgetary estimates.

During the current year, the original expenditure budget was amended up by a net of \$3,033,108. This budget increase was mainly due to the increase for public safety in the amount of \$2,224,050 to account for the closure of the Administration Building. The original revenue budget was amended up by \$2,892,603 mainly due to the increase in intergovernmental revenue of \$2,696,153 due to the recognition of American Rescue Plan Act funds for use on general governments services.

Capital Assets and Debt Administration

Capital Assets. The County's investment in capital assets for its governmental and business-type activities as of September 30, 2024, amounted to \$61,326,025 (net of accumulated depreciation/amortization). This investment in capital assets includes land, building and improvements, machinery and equipment, and vehicles.

The significant capital asset events during the current fiscal year included the following:

- Sheriff's Office and Correctional Facility additions of \$23,518,977 and other public safety additions of \$299,433
- Parks additions of \$426,869 for the Herrick playground area, rail-trail brush cut and sealcoating, and purchase of truck
- Sheriff additions of \$2,799,986 for the radio tower project, drone, two Durangos, and flooring for MSP
- General government additions of \$39,112 for windows and three furnaces
- Welfare additions of \$604,068 for COA pavilion, ice machine, tables, mixer, and doors
- Judicial additions of \$155,000 for rooftop heating and cooling unit

Total capital assets, net	\$ 60,354,601	\$ 33,638,079	\$ 971,424	\$ 1,125,334	\$ 61,326,025	\$ 34,763,413

Additional information on the County's capital assets can be found in Note 6.

Debt Administration. At the end of the current fiscal year, the County had total debt outstanding of \$37,365,069, which represents bonds payable, post-closure landfill costs, and compensated absences.

	Long-term Debt					
	Governmental Activities		Business-type Activities		Total	
	2024	2023	2024	2023	2024	2023
General obligation bonds	\$ 35,592,892	\$ 15,976,575	\$ -	\$ -	\$ 35,592,892	\$ 15,976,575
Post-closure landfill costs	354,970	383,279	-	-	354,970	383,279
Compensated absences	1,362,614	1,171,564	54,593	51,054	1,417,207	1,222,618
Total long-term debt	\$ 37,310,476	\$ 17,531,418	\$ 54,593	\$ 51,054	\$ 37,365,069	\$ 17,582,472

The County's total debt increased by \$19,782,597 during the current fiscal year due to additional draws of bonds payable for the jail construction and a decrease in compensated absences and post-closure landfill costs.

The County's bond ratings range from A to AAA. The AAA rating is given for bond issues that are backed with millage levies.

State statutes limit the amount of general obligation debt a governmental entity may issue to 10 percent of its total assessed valuation. The current debt limitation for the County is significantly higher than the County's outstanding general obligation debt.

Additional information on the County's long-term debt can be found in Note 9.

ISABELLA COUNTY, MICHIGAN

Management's Discussion and Analysis

Economic Condition and Outlook

The general fund had a decrease in fund balance of \$1,730,982 in the current fiscal year. The Isabella County Board of Commissioners and County Administrator/Controller continue to provide strong financial management in a proactive manner by implementing the County's financial forecasting tool. Isabella County will continue to protect its resources and meet its financial obligations. This has been accomplished by concerted effort of the Board, elected and appointed officials and staff.

Looking towards the future, the County Administrator/Controller and professional financial staff will continue updating financial reporting, budgeting processes, and implementing new financial management and control procedures. Elected and appointed officials will be empowered to accept responsibility for their department revenues, expenditures, budgets and adjustments, and be partners in assuring the fiscal stability of the County.

The County administrative staff is dedicated to fostering good partnerships and collaborations with our municipal and private sector neighbors and partners. To this end, we participate in a number of economic development organizations and serve on the boards of the Mid-Michigan Development Corporation, the City of Mount Pleasant Central Business District, Industrial Park North and University Park Tax Increment Finance Authorities and the Mission-Pickard Downtown Development Authority.

Isabella County is home to Central Michigan University, the Saginaw-Chippewa Indian Tribe, major manufacturers and many vibrant and charming communities. The economy is steady, the workforce is well trained, business persons are investing in the community and public officials are dedicated to preserving the rich heritage and character of the County while positioning the area to be vibrant for generations to come. Isabella County is honored to be a partner in the future of this great community.

The following economic factors were considered in developing the 2024-2025 budget:

- Property tax revenue anticipated for the 2024-2025 fiscal year budget shows an increase of \$913,156.
- The budget reflects no utilization of General Fund balance in order to provide services to County residents.
- The County is strategically considering much needed facility improvements, including the Administration Building. The County is completing construction on a new \$47 million Sheriff's Office and Correctional Facility.
- The County Board implemented portions of the cost allocation plan in 2018-2019 fiscal year to capture indirect costs of non-general fund funds and plans on continuing to utilize the cost allocation plan methodology going forward.

Requests for Information

This financial report is designed to provide a general overview of the County's finances for all of those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Isabella County Administration Office, 200 N. Main Street, Suite 205, Mt. Pleasant, Michigan 48858.

Reconciliation

Fund Balances of Governmental Funds
to Net Position of Governmental Activities
September 30, 2024

Fund balances - total governmental funds	\$ 27,821,486
--	---------------

Amounts reported for *governmental activities* in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.

Capital assets not being depreciated/amortized	48,189,140
Capital assets being depreciated/amortized, net	12,165,461

Because the focus of governmental funds is on short-term financing, some assets will not be available to pay for current expenditures. Those assets (i.e., receivables) are offset by deferred inflows of resources in the governmental funds and, therefore, are not included in fund balance.

Deferred loans receivable	859,015
Deferred taxes receivable	1,008,870
Deferred other long-term receivables	2,363,365

Certain pension-related amounts, such as the net pension liability and related deferred amounts are not due and payable in the current period or do not represent current financial resources and therefore are not reported in the funds.

Net pension liability	(19,955,241)
Deferred outflows related to the net pension liability	3,831,717

Internal service funds are used by management to charge the costs of certain employee benefits to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.

Net position of governmental activities accounted for in the internal service fund	-
Net position of the internal service fund allocated to business-type activities	(163,106)

Long-term debt and other noncurrent liabilities are not due and payable in the current period and therefore are not reported in the funds.

Bonds, notes and other long-term liabilities	(35,811,392)
Accrued interest on bonds payable	(289,135)
Post-closure landfill liabilities	(354,970)
Compensated absences	(1,362,614)

Net position of governmental activities	\$ 38,302,596
--	----------------------

ISABELLA COUNTY, MICHIGAN

Reconciliation

Net Change in Fund Balances of Governmental Funds
to Change in Net Position of Governmental Activities
For the Year Ended September 30, 2024

Net change in fund balances - total governmental funds	\$ (947,451)
--	--------------

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation/amortization expense.

Capital assets purchased/constructed	27,606,609
Depreciation/amortization expense	(889,287)
Loss on sale of capital assets	(800)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds, but rather are deferred to subsequent fiscal years.

Change in deferred loans receivable	(43,658)
Change in deferred taxes receivables	130,087
Change in deferred other long-term receivables	905,245

Internal service funds are used by management to charge the costs of certain employee benefits to individual funds. The net increase (decrease) in the net position of the internal service funds is reported with governmental activities.

Change in net position from governmental activities in the internal service fund	(82)
Change in the internal service fund net position allocated to business-type activities	7,396

Debt proceeds provide current financial resources to governmental funds in the period issued, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the funds, but the repayment reduces long-term liabilities in the statement of net position.

Change in landfill post-closure liability	28,309
Issuance of bonds	(20,297,317)
Principal payments on bonds, notes and other long-term liabilities	740,200

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.

Change in accrued interest payable on long-term liabilities	(216,688)
Change in net pension liability and related deferred amounts	204,410
Change in the accrual for compensated absences	(191,050)

Change in net position of governmental activities	<u><u>\$ 7,035,923</u></u>
---	----------------------------

The accompanying notes are an integral part of these basic financial statements.

Reconciliation

Net Position of Enterprise Funds
to Net Position of Business-type Activities
September 30, 2024

Net position - total enterprise funds	\$ 10,987,747
--	---------------

Amounts reported for *business-type activities* in the statement of net position are different because:

Internal service funds are used by management to charge the costs of certain employee benefits to individual funds.

The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position, which a portion is allocated to the business-type activities.

NOTES TO FINANCIAL STATEMENTS

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Isabella County, Michigan (the “County”) was organized in 1859 and covers an area of 572 square miles divided into 16 townships, three villages, and two cities. The County seat is located in the City of Mt. Pleasant. The County operates under an elected Board of Commissioners and provides services to nearly 70,000 residents in many areas including law enforcement, administration, justice, community enrichment and development, and human services.

The financial statements of the County have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to state and local governments. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County’s more significant accounting policies are described below.

Reporting Entity

As required by generally accepted accounting principles, these financial statements present the County and its component units, entities for which the County is considered to be financially accountable. The financial data of the component units are included in the County’s reporting entity because of the significance of their operational or financial relationships with the County.

Blended Component Unit

A blended component unit is a legally separate entity from the County but is so intertwined with the County that it is, in substance, the same as the County. It is reported as part of the County and its financial data is combined with data of the appropriate funds. The County has one blended component unit, the Building Authority. This component unit provides services primarily to benefit the County. The blended unit is described as follows:

The **Building Authority** (the “Authority”) was established by the County under Act 31, Michigan Public Acts of 1948 and is governed by a five-member Board appointed by the County Board of Commissioners. The Authority uses the proceeds of its tax-exempt bonds to finance the construction or acquisition of capital assets for the County. The bonds are secured by lease agreements with the County and will be retired through lease payments from the County. The financial activity, assets, liabilities, deferred inflows of resources and equity of the Authority are reported in the Building Authority Debt Service Fund. All County debt under the Building Authority was paid off during fiscal year 2020 and the fund is no longer active as of year-end.

Discretely Presented Component Units

Discretely presented component units are entities that are legally separate from the County but for which the County is financially accountable, or their relationship with the County is such that exclusion would cause the County’s financial statements to be misleading or incomplete. The discretely presented component units are as follows:

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

The **Isabella County Road Commission** (the "Road Commission") is responsible for the maintenance and construction of the County road system. The Road Commission operations are financed primarily from the State distribution of gas and weight taxes, federal financial assistance, and contributions from other local government units within the County. The Road Commission is governed by a five member Board of County Road Commissioners elected by Isabella County voters. Isabella County is secondarily obligated to provide repayment of a loan through the State of Michigan. All long-term debt issuances excluding capital lease purchase agreements require County authorization. A copy of the Road Commission's audited financial statements can be obtained at its administrative offices.

The **Isabella County Transportation Commission** (the "Commission") provides mass transit services to the citizens of Isabella County. The Commission was created by an inter-local agreement between the County and the City of Mt. Pleasant. The Commission is administered by a board with a voting majority appointed by the County Board of Commissioners. The Transportation Commission Board may not issue debt and the tax levy is subject to County Board of Commissioners' approval. The Commission's taxes are levied under the taxing authority of the County, as approved by the County electors, and included as part of the County's total tax levy as well as reported in the Isabella County Transportation Commission Fund. The Isabella County Treasurer, by statute, is responsible for the treasury function for the Commission. A copy of the Commission's audited financial statements can be obtained at its administrative offices.

The **Isabella County Medical Care Facility** (the "Facility") is governed by the Isabella County Department of Human Services Board. This board consists of three members, two of whom are appointed by the County Board of Commissioners and one appointed by the Michigan governor. The County Human Services Board approves the Facility's budget and submits a copy to the County Board of Commissioners. A copy of the Medical Care Facility's audited financial statements can be obtained at its administrative offices.

The **Isabella County Drainage Districts** is administered by the Drain Commissioner who has the sole responsibility to administer the drainage districts established by the Drain Code of 1956. The Isabella County Drain Commissioner is responsible for planning, developing, and maintaining surface water drainage systems within the County. The statutory Inter-County Drainage Board consists of the State Director of Agriculture and the drain commissioners of each county involved in the projects. Each of the drainage districts is a separate legal entity. The Drainage Board or Drain Commissioner, on behalf of the drainage districts, may issue debt and levy special assessments authorized by the Drain Code without the prior approval of the County Board of Commissioners. The full faith and credit of the County may be given for the debt of the drainage districts upon authorization of the County Board of Commissioners. The drainage districts are financially accountable to the County because the County has pledged its full faith and credit for the payment of the outstanding bond issues authorized by the Drain Commissioner and because annual operating budgets must be approved by the County Board of Commissioners. The combining financial statements for the drainage districts are presented as part of other supplementary information and a separate report is not issued.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

The **Isabella County Board of Public Works** has the responsibility of administering various public works construction projects and the associated debt service funds and was established pursuant to the provisions of Act 185, Public Acts of 1957, as amended. The Board is also responsible for the administration of the operations of the Lake Isabella water supply system. The Board of Public Works is administered by a seven member Board comprised of the Drain commissioner and six members with a voting majority appointed by the County Board of Commissioners. All general obligation bond issuances require County authorization and are backed by the full faith and credit of the County. The combining financial statements for the Board of Public Works are presented as part of other supplementary information and a separate report is not issued.

The **Isabella County Economic Development Corporation** (the "EDC") was established to provide community and economic development services. The County's board of commissioners is responsible for appointing the members of the EDC board. The EDC has been inactive for many years and did not have any activity or balances as of September 30, 2024.

Jointly Governed Organizations

The **Central Michigan Mental Health Facilities Board** (the "Facilities Board") provides mental health facilities to Isabella, Clare, Mecosta, and Osceola counties. The Facilities Board is organized as a nonprofit under Section 501(c)(3) of the Internal Revenue Code. Each of the four counties through their respective Boards of Commissioners appoints two members to the Facilities Board. The Facilities Board, Isabella County, and the Isabella County Building Authority entered into a three-party agreement whereby, the County, through the Building Authority, sold general obligation bonds to construct a mental health building in Mt. Pleasant.

The Building Authority holds title to the building but has an agreement with County to allow the County to enter into a financed purchase agreement for the building with the Facilities Board, with the annual rent equal to the debt service requirements of the bond issue. The Facilities Board entered into a separate, but related, rental agreement with the Central Michigan Mental Health Services Board to provide office space. This rental agreement provides substantially all the funding necessary to meet the Facilities Board's obligation to the County. The title of the building is to revert to the Facilities Board upon redemption of the bond issue.

Similar arrangements have been made to construct mental health facilities in Mecosta and Osceola counties between the Facilities Board, the counties, and their building authorities.

The **Central Michigan Community Mental Health Services Board** ("Services Board") reorganized as a Community Mental Health Authority under Public Act 258 of 1974, as amended. The Board has representatives and provides services to residents of Clare, Isabella, Osceola, and Mecosta counties. All participating counties provide annual appropriations; however, none of the participating counties are financially responsible for the Services Board.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

The **Central Michigan District Health Department** ("Health Department") is a multi-county agency established to provide public health services. The Health Department serves the counties of Arenac, Clare, Gladwin, Isabella, Osceola, and Roscommon. Isabella County and the other participating counties provide annual appropriations to subsidize the operations of the District Health Department. The District Health Department is primarily responsible for the debt service relating to the Building Authority bond issue sold to finance the construction of the District Health Department building. Financial accountability to the County is demonstrated by these annual operating appropriations and the rental of space to house its operations. In addition, the treasury function for the District Health Department rests with the Isabella County Treasurer. A copy of the District Health Department's audited financial statements can be obtained at its administrative offices.

The Facilities Board, Services Board, and Health Department are legally separate from the County and have not met the financial accountability criteria of GAAP. For this reason, they are not considered component units of the County.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Custodial funds, a type of fiduciary fund, are unlike all other types of funds, reporting only assets and liabilities. Therefore, custodial funds use the economic resources measurement focus and use the accrual basis of accounting to recognize receivables and payables.

Governmental funds are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Under this method, revenues are recognized when measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The County considers all revenues reported in the governmental funds to be available if they are collected within 60 days after year-end, except reimbursement-based grants that use a one year collection period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, intergovernmental revenue, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and as such have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all the financial resources of the primary government, except those accounted for and reported in another fund.

The *Commission on Aging Fund* accounts for the operations of the Commission on Aging and is funded primarily through grant revenue and taxes.

The *Opioid Settlements Fund* accounts for funds received from a nationwide Opioid Settlement reached in July 2021. Money for the operation of this fund is supplied from the settlement dollars received by pharmaceutical distributors. It is to be spent in accordance with Exhibit E of the settlement documents and is subject to the budgetary requirements of Act 2 of the Public Acts of 1968, as amended.

The *Jail Construction Fund* accounts for costs associated with the construction of the new Isabella County Sheriff's Office and Correctional Facility.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

The County reports the following major enterprise funds:

The *Delinquent Tax Revolving Fund* accounts for the activities of the County's purchase and collection of delinquent property taxes.

The *Recycling Fund* accounts for the activities of the County's recycling program.

The *PA 123 Restricted Tax Fund* accounts for the activities related to the sale of real property to satisfy delinquent taxes receivables under Public Act 123.

Additionally, the County reports the following fund types:

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects that comprise, or are expected to comprise a substantial portion of the fund's total reported inflows.

Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Enterprise funds account for those operations that are financed and operated in a manner similar to private business or where the County has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

Internal service funds account for operations that provide services to other departments or agencies of the County on a cost-reimbursement basis. This includes administering a high deductible health insurance plan and health reimbursement account for active and eligible retired employees and their families.

Custodial funds account for assets held by the County in a custodial capacity for other governments and entities. Primarily this includes undistributed collections and withholdings of current property taxes, state jail booking fees, state real estate transfer taxes, and library penal fines.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of the sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Restricted net position represents amounts that are subject to restrictions beyond the government's control. The restrictions may be externally imposed or imposed by law. When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Equity

Deposits and Investments

The County pools cash resources of various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balances in the pooled cash accounts are available to meet current operating requirements. Cash in excess of current requirements is invested in various interest bearing securities and disclosed as part of the County's investments. Cash equivalents consist of temporary investments in various instruments with a maturity from date of purchase of 90 days or less.

The County's pooled cash and investments are utilized by the general fund and most of the special revenue funds, capital project funds, debt service fund, enterprise funds, internal service funds, custodial funds, and component units. Each fund's portion of these pooled accounts is included in the cash and cash equivalents caption in the applicable balance sheet/statement of net position. Certain funds of the County utilize separate savings and interest bearing checking accounts. In addition, certificates of deposit are separately held by several of the County's funds.

Investments consist of a Michigan Cooperative Liquid Assets Securities System (Michigan CLASS) investment.

State statutes authorize the County to invest in:

- Bonds, securities, other obligations and repurchase agreements of the United States, or an agency or instrumentality of the United States.
- Certificates of deposit, savings accounts, deposit accounts or depository receipts of a qualified financial institution.
- Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and that matures not more than 270 days after the date of purchase.
- Bankers' acceptances of United States banks.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

- Obligations of the State of Michigan and its political subdivisions, that, at the time of purchase are rated as investment grade by at least one standard rating service.
- Mutual funds registered under the Investment Company Act of 1940 with the authority to purchase only investment vehicles that are legal for direct investment by a public corporation.
- External investment pools as authorized by Public Act 20 as amended through December 31, 1997.

Investments are stated at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Cash deposits are reported at carrying amounts, which reasonably approximates fair value.

Restricted Assets

Certain resources have been classified as restricted on the statement of net position because their use is limited. The restricted cash and investments on the governmental activities statement of net position consists of unspent ARPA funds and bond proceeds restricted for jail construction.

The Medical Care Facility has recorded restricted assets for various trust activities.

Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Property taxes receivable in governmental funds represent amounts due from taxpayers on the July 1 and December 1 tax levies in the general fund and other governmental funds, respectively. Any amounts outstanding on the July 1 levy on March 1 (excluding personal property taxes) are purchased by the delinquent tax revolving fund through the settlement process.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Property taxes receivable in the delinquent tax revolving fund represent unpaid balances from the previous years' levies for the County itself as well as other local taxing authorities in the County's geographical region. The County is responsible for pursuing and administering collection of these balances and coordinating the forfeiture and foreclosure activities for the related parcels. This process takes place over a 3-year period. Interest at 1% per month (increased to 1.5% after 12 months, retroactive to the date of delinquency) and administrative fees at 4% are accrued in accordance with State statute. No amounts have been included in an allowance for uncollectible balances, as the structure of the Delinquent Tax Revolving fund has been designed to make the fund whole either through the eventual auction of the foreclosed parcels or through chargebacks to the local taxing authorities initially levying the taxes.

Amounts due from other governments include amounts due from grantors for specific programs and capital projects. Program grants and capital grants for capital assets are recorded as receivables and revenues at the time reimbursable project costs are incurred. Amounts received in advance of project costs being incurred are reported as unearned revenue.

Loans receivable consists of Community Development Block Grant funds advanced to area residents for home improvements, which must be repaid by the homeowner upon sale or foreclosure. The County has an enforceable lien on the related property.

Inventories and Prepays

Inventories consist of food and office supplies, are reported at cost using the first-in/first-out method and are recorded as expenditures when consumed (consumption method). Nonspendable fund balances have been recorded in the applicable governmental funds to indicate that inventories are not currently available, spendable components of fund balance.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items, using the purchases method, in both the government-wide and fund financial statements. Nonspendable fund balances have been recorded in the applicable governmental funds to indicate the prepaids are not a currently available or spendable component of fund balance.

Installment Sales Agreement Receivable

Component Units

In accordance with the terms of an agreement between the Isabella County Board of Public Works and Union Township, the County authorized the construction of a wastewater treatment plant and the financing of the same by the Board of Public Works through the issuance of \$7,605,000 in bonds. Of the original issue, \$6,050,000 of the debt was defeased with the issuance of 2009 refunding bonds.

In accordance with the terms of a second agreement between the Isabella County Board of Public Works and Union Township, the County authorized the construction of a Water and Sewer System improvement project and the financing of the same by the Board of Public Works through the issuance of \$2,105,000 in bonds.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

These agreements provide for the Board of Public Works to enter into installment sales agreements with the local units with annual local contributions from the Township equal to the annual debt service requirements over the life of the bond issues. The local unit is responsible for the operation, maintenance, and management of the system over the life of the installment sales agreement. Upon final payment of the bond issue, ownership of the assets will revert to the local unit.

On this basis, the aggregate future payments necessary for the retirement of outstanding bond principal have been recorded as an installment sales agreement receivable. Unavailable revenue is shown on the balance sheet of debt service funds in the Board of Public Works component unit in the same amount as the installment sales agreement that is not recognized as revenue until installment sales agreement payments are received. There is no provision for any contingent rental contained in the installment sales agreement. The future minimum installment sales agreement payments to be received are equal to the outstanding principal and interest of each bond issue.

Capital Assets

Primary Government and Component Units (except for the Isabella County Road Commission)

Capital assets include land, buildings and improvements, equipment, vehicles, drain infrastructure, and other assets and are recorded (net of accumulated depreciation/amortization, if applicable) in the government-wide financial statements. Capital assets are those with an initial individual cost of \$5,000 or more (\$25,000 for drain infrastructure) and an estimated useful life of more than one year. Capital assets are stated at historical cost or estimated historical cost where actual cost information is not available. Donated capital assets are recorded at their estimated acquisition cost as of the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities, if any, is included as part of the capitalized value of the asset constructed.

Capital assets are depreciated/amortized using the straight-line method over the following estimated useful lives:

	Years
Buildings and improvements	20-50
Land improvements	10-20
Equipment	4-20
Drain infrastructure	5-100
Vehicles	5-20
Other	5-15

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Isabella County Road Commission Component Unit

Capital assets, which include property, equipment, and infrastructure assets (i.e., roads, bridges, and similar items), are reported in the government-wide financial statements (statement of net position and statement of activities). Capital assets are defined by the Road Commission as assets with an initial individual cost of more than \$1,000 and an estimated life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition cost at the date donated.

Depreciation is recorded over the estimated useful lives (ranging from four to fifty years) of the assets, using the sum-of-years digits method for road equipment and straight-line method for all other capital assets and infrastructure as follows:

	Years
Land improvements	10-20
Buildings	30-50
Road equipment	5-8
Shop equipment	10
Office equipment	4-10
Engineers' equipment	4-10
Yard and storage	4-10
Infrastructure - bridges	12-50
Infrastructure - roads	8-30

The County reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset exceeds its fair value. If it is determined that an impairment loss has occurred the asset is written down to its net realizable value and a current charge to income is recognized.

Deferred Outflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to one or more future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County reports deferred outflows of resources related to its pension plan and a deferred charge on bond refunding.

Compensated Absences

County employees are permitted to accumulate earned but unused vacation and sick time benefits, subject to certain limitations, according to personnel contracts. All vested benefits are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations or retirements.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Unearned Revenue

Unearned revenue consists of amounts received prior to the delivery of goods/service or expenditure on allowable costs.

Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, are deferred and amortized over the life of the bonds using the straight-line basis. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expense when incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Inflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to one or more future periods and so will not be recognized as an inflow of resources (revenue) until that time. The governmental funds report unavailable revenues, which arise only under a modified accrual basis of accounting that are reported as deferred inflows of resources. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The County may also report deferred inflows related to its pension plan in the statements of net position. Finally, the statement of net position and governmental funds balance sheet report deferred inflows related to leases. The amounts are deferred and amortized over the remaining life of the lease.

Leases

Lessor. The County is a lessor for a noncancelable lease of two buildings. The County recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the County initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for prepaid lease payments received at lease inception. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Key estimates and judgments include how the County determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts. The County uses its estimated incremental borrowing rate as the discount rate for leases. The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The County monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Subscription-Based Information Technology Arrangements (SBITA)

The County has noncancelable subscription-based information technology arrangements. The County recognizes a subscription liability and an intangible right-to-use subscription asset in the financial statements. The County recognizes subscription liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a subscription, the County initially measures the subscription liability at the present value of payments expected to be made during the SBITA term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. The subscription asset is initially measured as the initial amount of the subscription liability, adjusted for subscription payments made at or before the subscription commencement date, plus certain initial direct costs. Subsequently, the subscription asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to subscriptions include how the County determines (1) the discount rate it uses to discount the expected SBITA payments to present value, (2) subscription term, and (3) subscription payments. The County uses the interest rate charged by the SBITA vendor as the discount rate. When the interest rate charged by the SBITA vendor is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate for SBITAs. The subscription term includes the noncancelable period of the subscription. Subscription payments included in the measurement of the subscription liability are composed of fixed payments and purchase option price (if applicable) that the County is reasonably certain to exercise.

The County monitors changes in circumstances that would require a remeasurement of its subscription and will remeasure the subscription asset and subscription liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Fund Balances

Governmental funds report *nonspendable fund balance* for amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. *Restricted fund balance* is reported when externally imposed constraints are placed on the use of resources by grantors, contributors, or laws or regulations of other governments. *Committed fund balance* is reported for amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the County Board of Commissioners. A formal resolution of the County Board is required to establish, modify, or rescind a fund balance commitment. The County reports *assigned fund balance* for amounts that are constrained by the government's *intent* to be used for specific purposes, but are neither restricted nor committed. The County Board delegated to the Administrator/Controller the authority to assign fund balance. Unassigned fund balance is the residual classification for the general fund.

When the County incurs an expenditure for purposes for which various fund balance classifications can be used, it is the government's policy to use restricted fund balance first, then committed, assigned, and finally unassigned.

Interfund Transactions

During the course of normal operations, the County has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying financial statements generally reflect such transactions as transfers. Operating subsidies are also recorded as transfers. The amounts recorded as subsidies or advances are determined by the County. Balances outstanding at year-end are reported as due to/from other funds. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements. Internal service funds are used to record charges for services to all County departments and funds as transfers or operating revenue. All County funds record these payments to the internal service funds as transfers or operating expenditures/expenses.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the plan fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

2. BUDGETARY INFORMATION

Budgets are adopted by the County Board of Commissioners for the general and special revenue funds, except for those that are adopted and administered by separate boards. The general fund and all special revenue funds have legally adopted budgets. The budget document presents information by fund, function, department, and line items. The County Board of Commissioners monitors and amends the budgets, as necessary. Budgetary control is exercised at the activity level for the general fund and at the fund level for special revenue funds. Management is authorized to amend the budget up to certain amounts within departments at a line item level without board approval. The County employs the following procedures in establishing budgets:

- The County departments meet with and submit their budgetary estimates to the Administrator/Controller who will: review the estimates, assemble, and prepare a recommended budget. The operating budgets include proposed expenditures and resources to finance them.
- The Administrator/Controller will then convey the recommended budgets to the Board at a public meeting. A public hearing will be held along with other opportunities for feedback, input and consideration before final adoption.
- The County does not employ encumbrance accounting as an extension of formula budgetary integration in the governmental funds. All unexpended appropriations lapse at year-end, unless specifically re-appropriated by Board action.
- Applicable budgeted amounts are reported as originally adopted or as amended by the Board of Commissioners during the year. Individual amendments were not material in relation to the original appropriations that were adopted.
- All County budgets are adopted on a basis consistent with generally accepted accounting principles ("GAAP").

P.A. 621 of 1978, as amended, provides that a local unit shall not incur expenditures in excess of the amount appropriated. During the year ended September 30, 2024, the County incurred expenditures within the amounts appropriated.

Notes to Financial Statements

3. DEPOSITS AND INVESTMENTS

Following is a reconciliation of deposit and investment balances for the primary government and component units cash and investments as of September 30, 2024:

	Primary Government	Component Units	Totals
Statement of net position			
Cash and cash equivalents	\$ 29,593,645	\$ 13,507,105	\$ 43,100,750
Investments	5,246,645	23,576,333	28,822,978
Restricted cash and investments	569,651	1,778,944	2,348,595
Statement of fiduciary net position			
Custodial funds:			
Cash and cash equivalents	8,280,532	-	8,280,532
Investments	1,681,742	-	1,681,742
Total	<u>\$ 45,372,215</u>	<u>\$ 38,862,382</u>	<u>\$ 84,234,597</u>
Deposits and investments			
Bank deposits:			
Checking / savings accounts		\$ 39,778,938	
Certificates of deposit, due within one year		13,935,620	
Investments		30,504,720	
Cash on hand		<u>15,319</u>	
Total		<u>\$ 84,234,597</u>	

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned. State law does not require and the County does not have a policy for deposit custodial credit risk. As of year-end, \$50,057,149 of the County's bank balance, excluding Road Commission, Transportation Authority, and the Medical Care Facility, of \$52,307,149 was exposed to custodial credit risk because it was uninsured and uncollateralized.

The County's investment policy does not specifically address this risk, although the County believes that due to the dollar amounts of cash deposits and the limits of FDIC insurance, it is impractical to insure all bank deposits. As a result, the County evaluates each financial institution with which it deposits County funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

Custodial Credit Risk – Investments. As of September 30, 2024, the County's investments, including the Road Commission and Transportation Commission, consisted of Michigan Cooperative Liquid Assets Securities System (Michigan CLASS) totaling \$30,504,720.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State law does not require and the County does not have a policy for investment custodial credit risk. On the investments listed above, there is no custodial credit risk, as these investments are uncategorized as to credit risk.

Credit Risk. State law limits investments to specific government securities, certificates of deposit and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of specific financial institutions, qualified mutual funds and qualified external investment pools as identified in the list of authorized investments in the summary of significant accounting policies. The County's investment policy does not have specific limits in excess of state law on investment credit risk. As of September 30, 2024, the Michigan CLASS investments are rated AAA by Standard and Poor's.

Interest Rate Risk. State law limits the allowable investments and the maturities of some of the allowable investments as identified in the summary of significant accounting policies. The County's investment policy does not have specific limits in excess of state law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The Michigan CLASS investment had a carrying amount equal to its fair value of \$30,504,720 at year end.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the County's investment in a single issuer. State law limits allowable investments but does not limit concentration of credit risk as identified in the list of authorized investments in the summary of significant accounting policies. The County's investment policy does not have specific limits in excess of state law on concentration of credit risk. All investments held at year end are reported above.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Fair Value Measurement. The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on valuation inputs used to measure the fair value of assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs and Level 3 inputs are significant unobservable inputs. The investments held by the County at year end that were subject to fair value measurement were the Michigan CLASS investments. Michigan CLASS investments are carried at net asset value.

Investments in Entities that Calculate Net Asset Value per Share. The County holds shares in Michigan CLASS whereby the fair value of the investment is measured on a recurring basis using net asset value per share (or its equivalent) of the investment pool as a practical expedient.

At year end, the net asset value of the County's investment in Michigan CLASS was \$30,504,720. The investment pool had no unfunded commitments, specific redemption frequency or redemption notice period required. The Michigan CLASS investment pool invests in U.S. treasury obligations, federal agency obligations of the U.S. government, high-grade commercial paper (rated 'A-1' or better) collateralized bank deposits, repurchase agreements (collateralized at 102% by Treasuries and agencies), and approved money-market funds. The program seeks to provide safety, liquidity, convenience, and competitive rates of return, and is designed to meet the needs of Michigan public sector investors. It purchases securities that are legally permissible under state statutes and are available for investment by Michigan counties, cities, townships, school districts, authorities and other public agencies.

4. RECEIVABLES AND DEFERRED INFLOWS OF RESOURCES

Receivables are comprised of the following:

	Governmental Activities	Business-type Activities	Component Units
Accounts receivable	\$ 3,223,961	\$ 114,378	\$ 10,642,588
Taxes receivable	1,648,771	2,714,530	-
Special assessments receivable	-	-	11,008,182
Loans receivable	859,015	-	-
Leases receivable	184,273	-	-
Due from other governments	4,467,464	29,856	373,355
Due from component unit	37,711	-	-
Installment sales agreement receivable	-	-	835,000
	<u>\$ 10,421,195</u>	<u>\$ 2,858,764</u>	<u>\$ 22,859,125</u>

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances at year end, was as follows:

	Due from Other Funds	Due to Other Funds
General fund	\$ 887,478	\$ 110,400
Commission on aging fund	227,000	-
Nonmajor governmental funds	26,500	331,500
Recycling fund	-	124,078
Internal service fund	-	575,000
Total	<u>\$ 1,140,978</u>	<u>\$ 1,140,978</u>

The above balances generally resulted from a time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made.

For the year ended September 30, 2024, interfund transfers consisted of the following:

Transfers out	Transfers In		
	General Fund	Jail Construction	Nonmajor Governmental Funds
General fund	\$ -	\$ 3,209,073	\$ 2,050,935
Commission on Aging	331,564	-	-
Nonmajor governmental funds	374,489	-	-
Recycling fund	152,150	-	-
Nonmajor enterprise funds	196,377	-	-
Total	<u>\$ 1,054,580</u>	<u>\$ 3,209,073</u>	<u>\$ 2,050,935</u>

continued...

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Transfers out	Transfers In		
	Recycling	Internal Service Fund	Total
General fund	\$ 315,000	\$ 129,847	\$ 5,704,855
Commission on Aging	-	-	331,564
Nonmajor governmental funds	-	-	374,489
Recycling fund	-	-	152,150
Nonmajor enterprise funds	-	-	196,377
Total	\$ 315,000	\$ 129,847	\$ 6,759,435

concluded

Transfers are generally used to: (1) move revenues from the fund that is required to collect them to the fund that is required or allowed to expend them; (2) move receipts restricted to or allowed for debt service from the funds collecting the receipts to the debt service fund as debt service payments become due; and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The transfer out of the general fund to the jail construction fund consists of the 12% required portion on the correctional facility and the general fund transfer to the nonmajor governmental funds consists of the annual County appropriations. Further, the transfers out of the commission on aging and recycling fund are solely to move indirect costs to the general fund. The transfers out of the nonmajor governmental funds are to move indirect costs to the general fund and to cover positions partially funded by another fund. Lastly, the transfers out of the recycling and internal services funds are to the general fund for indirect costs.

For the year ended September 30, 2024, advances to and from component units consisted of the following:

	Advance to Component Unit	Advance from Primary Government
General fund	\$ 350,000	\$ -
Drainage district	-	350,000
	\$ 350,000	\$ 350,000

The advance to the drainage district component unit in the general fund is to increase the drain revolving fund working capital to cover increased operational costs.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

9. BONDS, NOTES AND OTHER LONG-TERM LIABILITIES

Bonds, notes and other long-term liabilities for the year ended September 30, 2024, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities					
Post-closure landfill costs (Note 10)	\$ 383,279	\$ -	\$ (28,309)	\$ 354,970	\$ 49,652
Limited tax general obligation jail bonds, series 2022ABCDE	15,976,575	20,297,317	(681,000)	35,592,892	683,000
Direct placement:					
Subscriptions (Note 12)	277,700	-	(59,200)	218,500	44,595
Compensated absences	1,171,564	1,103,775	(912,725)	1,362,614	545,046
	<u>\$ 17,809,118</u>	<u>\$ 21,401,092</u>	<u>\$ (1,681,234)</u>	<u>\$ 37,528,976</u>	<u>\$ 1,322,293</u>
Business-type activities					
Compensated absences	\$ 51,054	\$ 63,613	\$ (60,074)	\$ 54,593	\$ 21,838
	<u>\$ 51,054</u>	<u>\$ 63,613</u>	<u>\$ (60,074)</u>	<u>\$ 54,593</u>	<u>\$ 21,838</u>

In 2023, the County issued a \$41,500,000 Limited Tax General Obligation Jail Bonds, Series ABCDE, due in annual installments ranging from \$681,000 to \$1,518,000 through December 1, 2063, plus annual interest of 2.125%.

For the governmental activities, compensated absences are normally liquidated by the fund in which the individual employees are budgeted. The General Fund, Parks and Recreation Fund, Friend of the Court Fund, and Commission on Aging Fund are funds where compensated absences would typically be liquidated.

10. POST-CLOSURE LANDFILL COSTS

The County owns a solid waste landfill located in Deerfield Township. The County stopped accepting waste at this site on June 15, 1987, and completed the capping off of the site on July 21, 1989.

Since that time, post-closure monitoring of the site by the County and the Michigan Department of Natural Resources (DNR) has identified ground water contamination in excess of state and federal laws and regulations. A Consent Judgment, initiated by the State Attorney General and Michigan Department of Natural Resources and its director established the requirements the County had to meet to bring the County back into compliance.

As part of this consent judgment, the County had to implement its remedial action plan previously submitted and approved by the DNR. The remedial action plan called for the construction of purge wells and piping as well as construction of an air stripping facility which was completed during 1996. Air stripping involves the mass transfer of the contaminants from solution to a gas, thereby removing the contaminants from the groundwater. This is accomplished by pumping water through a packed column which has a counter current flow of air.

The County is required to perform certain maintenance and monitoring functions as stipulated in the Consent Judgment for a minimum of thirty years from October 23, 1992, the date of DNR approval of the County remedial action plan. It is anticipated that the purge wells and air stripping facility will have to be operated over this thirty year period.

The landfill post-closure care liability as reported in long-term debt of the governmental activities at September 30, 2024, is \$354,970. For the year ended September 30, 2024, the County incurred post-closure care expenditures of \$28,309.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

All amounts recognized are based on the estimated cost to perform post-closure care at September 30, 2024. Actual costs may be higher due to inflation, changes in technology or applicable laws and regulations. The amount recognized is based on estimates developed by solid waste management engineering consultants used by the County to develop the County remedial action plan. These estimates are considered sufficient and reasonable by management. The post-closure care costs are budgeted in the general fund on an annual basis.

11. LEASES

Lessor - The County is involved in two agreements as a lessor that qualify as long-term lease agreements. Below is a summary of these agreements. These agreements qualify as long-term lease agreements as the County will not surrender control of the asset at the end of the term and the noncancelable term of the agreement surpasses one year. Total lease revenue for the year ended September 30, 2024 was \$41,149, which includes interest of \$899, in governmental activities.

Asset Type	Remaining Term of Agreements
Buildings	5 to 6 years

12. SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENT

The County is involved in six arrangements that qualify as long-term subscription-based information technology arrangements ("SBITA"). Below is a summary of the nature of these arrangements. These arrangements qualify as intangible, right-to-use subscription assets as the County has the control of the right to use another party's IT software and the noncancelable term of the arrangements surpass one year. The present value is discounted using the County's incremental borrowing rate. The County has prepaid for two of the arrangements as of the year ended September 30, 2024.

Asset Type	Remaining Term of Arrangements
Subscription assets	2 to 8 years

The right-to-use asset and the related activity are included in Note 6, Capital Assets. The subscription liability and related activity are presented in Note 9, Bonds, Notes and Other Long-term Liabilities.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

The net present value of future minimum payments as of September 30, 2024, were as follows:

Total	<u>\$ 218,500</u>	<u>\$ 30,463</u>

13. MERS DEFINED BENEFIT PENSION PLAN

Primary Government

Plan Description. The County's defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. The County participates in the Municipal Employees Retirement System (MERS) of Michigan. MERS is an agent multiple-employer, statewide public employee pension plan established by the Michigan Legislature under Public Act 135 of 1945 and administered by a nine member Retirement Board. MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the MERS website at www.mersofmich.com. This plan was closed to new hires effective January 1, 2012.

Funding policy. The plan provides that the employer contribute amounts necessary to fund the actuarially determined benefits. The County makes employer contributions in accordance with funding requirements determined by MERS' actuary. Benefit provisions and contribution obligations have been established by union contract.

Benefits Provided. Pension benefits vary by division/bargaining unit and are calculated as final average compensation (based on a 3 or 5 year period) and multipliers ranging from 2.00% to 2.50%. Participants are considered to be fully vested in the plan after 10 years. Normal retirement age is 60 with early retirement at age 50 with 25 years of service, or age 55 with 15 years of service, depending on division/bargaining unit.

Participants are entitled to a retirement benefit equal to the credited service at the time of membership termination multiplied by 2.0% to 2.5% of the member's final average compensation (FAC) depending on the employee group. Final average compensation is calculated based on 3 to 5 years. The retirement allowance is reduced 0.50% to 0.74% of 1% for each complete month that retirement precedes the age at which full normal retirement benefits are available.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Employees Covered by Benefit Terms. As December 31, 2023, plan membership consisted of the following:

Inactive employees or beneficiaries currently receiving benefits	194
Inactive employees entitled to but not yet receiving benefits	46
Active employees	46
	<hr/>
Total membership	286
	<hr/>

Contributions. The County is required to contribute amounts at least equal to the actuarially determined rate, as established by the MERS Retirement Board. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. For the year ended September 30, 2024 monthly employer contributions ranged from \$3,313 to \$111,060 depending on division/bargaining unit (all nine of which are closed to new members). In addition, the employer may establish contribution rates to be paid by its covered employees. For the year ended September 30, 2024, member contribution rates range from 0.00% to 3.95% of wages depending on division/bargaining unit.

Net Pension Liability. The County's net pension liability was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	3.00% in the long-term
Investment rate of return	6.93%, net of investment and administrative expense including inflation

The base mortality tables used are constructed as described below and are based on amount weighted sex distinct rates:

- Pre-retirement mortality based on 100% of Pub-2010 Juvenile Mortality Tables for ages 0-17, 100% of PubG-2010 Employee Mortality Tables for Ages 18-80, and 100% of PubG-2010 Healthy Retiree Tables for ages 81-120
- Non-disabled retired plan members and beneficiaries mortality based on 106% of Pub-2010 Juvenile Mortality Tables for ages 0-17, 106% of PubG-2010 Employee Mortality Tables for Ages 18-49, and 106% of PubG-2010 Healthy Retiree Tables for ages 50-120
- Disabled retired plan members mortality based on 100% of Pub-2010 Juvenile Mortality Tables for ages 0-17, and 100% of PubNS-2010 Disabled Retiree Tables for ages 18-120

The actuarial assumptions used in the December 31, 2023 valuation were based on the results of the most recent actuarial experience study of 2014-2018.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Long-term Expected Rate of Return. The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment and administrative expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return	Expected Money-Weighted Rate of Return
Global equity	60.00%	4.50%	2.70%
Global fixed income	20.00%	2.00%	0.40%
Private investments	<u>20.00%</u>	7.00%	1.40%
	<u><u>100%</u></u>		
Inflation			2.50%
Dedicated gains adjustment			-0.07%
Administrative expenses netted above			<u>0.25%</u>
Investment rate of return			<u><u>7.18%</u></u>

In February 2022, the MERS Retirement Board adopted a Dedicated Gains Policy. The purpose of the Policy is to automatically reduce the assumed rate of investment return for annual actuarial valuation purposes if the plan year's market value of investment income exceeds the expected investment income. Investment performance measured for the one-year period ending December 31, 2023 resulted in current year excess gains for use in lowering the assumed rate of investment return, as reflected above.

Discount Rate. The discount rate used to measure the total pension liability as of December 31, 2023 was 7.18% (down from 7.25% at December 31, 2022). The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Changes in Net Pension Liability

The components of the change in the net pension liability are summarized as follows:

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at December 31, 2022	<u>\$ 59,923,558</u>	<u>\$ 37,748,794</u>	<u>\$ 22,174,764</u>
Changes for the year:			
Service cost	370,746	-	370,746
Interest	4,229,162	-	4,229,162
Difference between expected and actual experience	(9,942)	-	(9,942)
Changes in assumptions	429,671	-	429,671
Employer contributions	-	2,370,768	(2,370,768)
Employee contributions	-	107,158	(107,158)
Net investment income	-	4,234,293	(4,234,293)
Benefit payments, including refunds of employee contributions	(3,551,308)	(3,551,308)	-
Administrative expense	-	(88,110)	88,110
Net changes	<u>1,468,329</u>	<u>3,072,801</u>	<u>(1,604,472)</u>
Balances at December 31, 2023	<u>\$ 61,391,887</u>	<u>\$ 40,821,595</u>	<u>\$ 20,570,292</u>

Changes in assumptions. Amounts reported as changes in assumptions resulted from a decrease in the assumed rate of return from 7.00% to 6.93%.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate. The following presents the net pension liability of the County, calculated using the discount rate of 7.18%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1% lower (6.18%) or 1% higher (8.18%) than the current rate:

1% Decrease (6.18%)	Current Discount Rate (7.18%)	1% Increase (8.18%)
------------------------	-------------------------------------	------------------------

County's net pension liability \$ 27,304,233 \$ 20,570,292 \$ 14,879,309

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Plan financial statements.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Pension Expense, Deferred Inflows of Resources, and Deferred Outflows of Resources Related to Pensions

For the year ended September 30, 2024, the County recognized pension expense of \$2,278,879. The County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows (Inflows) of Resources
Net difference between projected and actual earnings on pension plan investments	\$ 2,140,906	\$ -	\$ 2,140,906
Contributions subsequent to the measurement date	<u>1,808,910</u>	<u>-</u>	<u>1,808,910</u>
Total	<u>\$ 3,949,816</u>	<u>\$ -</u>	<u>\$ 3,949,816</u>

The amount reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the total pension liability for the year ending September 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ended September 30,	Amount
2025	\$ 347,865
2026	815,775
2027	1,285,188
2028	<u>(307,922)</u>
Total	<u>\$ 2,140,906</u>

Payable to the Pension Plan. At September 30, 2024, the County reported a payable of \$208,087 for the outstanding amount of contributions to the pension plan required for the year ended September 30, 2024.

The governmental activities net pension liability is expected to be liquidated mainly by the General Fund.

Component Units

The Isabella County Road Commission, Isabella County Medical Care Facility and Isabella County Transportation Commission have separate MERS retirement plans. Separate accounts are maintained by MERS for each of the component units identified above. Details applicable to these individual plans are available in each component unit's separately issued financial statements.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

14. DEFINED CONTRIBUTION PENSION PLAN

The Isabella County Employees Defined Contribution Pension Plan (the “DC Plan”) is a single employer defined contribution pension plan, established by the County and administered by a third-party administrator. All County employees hired after January 1, 2002, with the exception of certain bargaining units, are required to participate in the DC Plan. As of September 30, 2015, all union contracts now specify that new employees of these units are added to the DC Plan. All other County employees that are not vested in the County’s Defined Benefit Plan have the option of becoming a participant in the Defined Contribution Plan. Employees vest in the County’s contributions completely after five years. A stand-alone report has not been issued for the DC Plan.

As of September 30, 2024, there were 201 plan members. DC Plan members are required to contribute a minimum of 2% of their annual salary to the DC Plan. The County is required to contribute 7% of the employees’ annual salary. Authority for establishing and amending the DC Plan’s provisions rests with the County Board of Commissioners.

Employer contributions to the DC Plan for the year ended September 30, 2024, amounted to \$715,566 and employee contributions were \$217,031.

15. DEFERRED COMPENSATION PLAN

The Isabella County Employees Deferred Compensation Pension Plans (the “DCP Plans”) are single employer deferred compensation pension plans, established by the County and administered by outside third-party administrators. Participation in the DCP Plans are optional to all County employees. The County does not make any contributions to the DCP Plans. A stand-alone report has not been issued for the DCP Plans.

As of September 30, 2024, there were 88 plan members who contributed \$309,889 to the DCP Plans. Authority for establishing and amending the DCP Plans’ provisions rests with the County Board of Commissioners.

16. OTHER POSTEMPLOYMENT BENEFITS

General Information About the Plan

Plan Administration. The County administers a retiree health care benefits (OPEB) Plan that is used to provide postemployment benefits other than pensions (OPEB) for nine employees of the County. The County agrees to pay the first \$1,000 annually towards healthcare benefits, with a vendor of the employee’s choice, for employees who retire during the term of this Agreement who have not had a break in service.

During the year ended September 30, 2024, the County determined that the amounts related to the OPEB plan were not material to the financial statements, and as such no net other postemployment benefit liability and related deferred amounts have been reported.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

17. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County is a member of the Michigan Municipal Risk Management Authority for the risks of loss, including property, casualty loss, and general liability. The County participates in the Michigan Counties Workers' Compensation Fund for workers' compensation coverage. Settlements have not exceeded insurance coverage in any of the past three (3) years.

Primary Government

Employee Health Benefits

The County has established a high deductible health insurance plan and a health reimbursement account which are accounted for in an internal service fund. Employee groups of the primary government, including the Medical Care Facility component unit as a separate unit, participate in the insurance plan. The Plan is administered under contractual agreements with Blue Cross and Blue Shield of Michigan (BCBSM) and 44 North as third-party administrators.

The County is responsible for paying the medical claims over the employees' deductible and up to the high deductible cap established with BCBSM. These claims are processed through 44 North and paid from the County's health reimbursement account. Certain benefits such as dental and prescription drug are covered by supplemental policies funded by the Plan. The insurance arrangements will be renegotiated annually in compliance with the Public Employees Health Benefit Act (Act 106 of 2007).

The internal service fund is responsible for collecting interfund premiums from the participating funds and departments and for paying insurance premiums, administrative fees, and deductibles paid from the health reimbursement account. Interfund premiums are treated as interfund services provided and used; meaning the interfund premiums are recognized as expenditures or expenses in the contributing funds and interfund revenue is recognized in the Insurance Fund as earned.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Liabilities are reported when it is probable that a claim has occurred and the amount of the claim can be reasonably estimated and are recorded in accounts payable in the insurance internal service fund. Liabilities include a provision for claims that have been incurred but not reported (IBNR's). The provision is based upon historical trends. Claims liabilities are estimated based on actual claims filed subsequent to year end. Changes in the balance of claim liabilities during the current year and the prior year are as follows:

	Fiscal Year Ended September 30,	
	2024	2023
Estimated liability, beginning of year	\$ 130,508	\$ 52,493
Estimated claims incurred, including changes in estimates	4,774,584	4,602,638
Claim payments	(4,756,964)	(4,524,623)
Estimated liability, end of year	\$ 148,128	\$ 130,508

Component Units

Transportation Commission

The Transportation Commission participates in a pool, the Michigan Counties Workers' Compensation Fund, with other municipalities for workers' compensation losses. The pool is organized under Public Act 317 of 1969, as amended. In the event the pool's claims and expenses for a policy year exceed the total normal annual premiums for said years, all members of the specific pool's policy year may be subject to special assessments to make up the deficiency. The Transportation Commission has not been informed of any special assessments being required.

The Transportation Commission also participates in a pool, the Michigan Municipal Risk Management Authority, with other municipalities for property and casualty losses. The pool is organized under Public Act 138 of 1982, as amended as a governmental group property and casualty self-insurance pool. In the event the pool's claims and expenses for a policy year exceed the total normal annual premiums for said years, all members of the specific pool's policy year may be subject to special assessment to make up the deficiency. The Commission has not been informed of any special assessments being required.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Road Commission

The Road Commission joined together with other Road Commissions and created a public entity risk pool currently operating as a common risk management and insurance program. The Road Commission pays an annual premium to the pool for its general insurance coverage. The agreement provides that the pool will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of \$1,000 for each insured event. The pooling agreement allows for the pool to make additional assessments to make the pool self-sustaining. The Road Commission has not been informed of any special assessments being required.

18. PROPERTY TAXES AND TAXES RECEIVABLE

The County property tax is levied each December 1 and July 1 on the taxable valuation of property located in the County as of the preceding December 31. Unpaid property taxes are considered to be delinquent as of March 1 of the year after the tax was levied.

The County's ad valorem taxes were levied and collectible on December 1, 2023, and July 1, 2024. It is the County's policy to recognize revenues from the tax levy in the year when the proceeds of the levy are budgeted and made available for the financing of County operations. The 2024 taxable value of Isabella County amounted to \$2,566,426,523 on which ad valorem taxes levied for the County general operating purposes was 6.6100 mills. For the year ended September 30, 2024, the County levied 1.000 mills for the Medical Care Facilities, 1.000 mills for Commission on Aging and 0.3500 mills for parks and recreation. The Isabella County Transportation Commission levied 0.8620 mills for transportation services.

19. FEDERAL FINANCIAL ASSISTANCE - ROAD COMMISSION COMPONENT UNIT

It is required by the Michigan Department of Transportation (MDOT) that all road commissions report total federal financial assistance for highway research, planning, and construction pertaining to their counties. During the year ended September 30, 2024, the federal aid received and expended by the Road Commission was \$967,525 for contracted projects.

Contracted projects are defined as projects performed by private contractors paid for and administered by MDOT (they are included in MDOT's single audit). Local force account projects are projects where the road commissions perform the work and would be subject to single audit requirements if they expended \$750,000 or more.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

20. FUND BALANCES - GOVERNMENTAL FUNDS

The County classifies fund balances based primarily on the extent to which it is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Detailed information on fund balances of governmental funds is as follows:

	General	Commission on Aging	Opioid Settlements	Nonmajor Governmental Funds	Total
Nonspendable

22. TAX ABATEMENTS

The County received reduced property tax revenues during the year as a result of industrial facilities tax exemptions (IFT's) and brownfield redevelopment agreements entered into by local municipalities.

The IFT's were entered into based upon the Plant Rehabilitation and Industrial Development Districts Act (known as the Industrial Facilities Exemption), PA 198 of 1974, as amended. IFT's provide a tax incentive to manufacturers to enable renovation and expansion of aging facilities, assist in the building of new facilities, and to promote the establishment of high tech facilities. Properties qualifying for IFT status are taxed at 50% of the millage rate applicable to other real and personal property in the County. The abatements by local unit which reduced tax revenues to the County for 2024 were as follows:

Governmental Entity	Abatement Amount
Broomfield Township	\$ 2,748
Union Township	2,946
City of Mt. Pleasant	6,960
City of Clare	5,106
	<u>\$ 17,760</u>

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

Brownfield redevelopment agreements are intended to reimburse taxpayers that remediate environmental contamination on their properties. These agreements were entered into based upon the Brownfield Redevelopment Act, PA 381 of 1996, as amended. Under this Act, a municipality may create a brownfield redevelopment authority to develop and implement brownfield projects. Tax increment financing may be used as a tool for property redevelopment. The abatements were entered into by the City of Mt. Pleasant and amounted to approximately \$16,000 in reduced County tax revenues for the year.

23. CONTINGENT LIABILITIES AND COMMITMENTS

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County and its attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures, which may be disallowed by the grantor, cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

24. OPIOID SETTLEMENT

The County is part of a \$21 billion nationwide settlement reached in July 2021 to resolve all Opioids litigation brought by states and local political subdivisions against the three largest pharmaceutical distributors: McKesson, Cardinal Health, and AmerisourceBergen (Distributors), and a \$5 billion nationwide settlement with manufacturer Janssen Pharmaceuticals, Inc. and its parent company Johnson & Johnson (Janssen). The term of the settlement varies by entity; however, the County expects to receive eighteen (18) installments from the Distributors with the first two installments being paid early in 2023 and the remaining 16 installments expected to be made annually beginning in 2024. Additionally, the County expects to receive eleven (11) installments from Janssen with the first five installments being paid early in 2023 and the remaining installments expected to be made annually beginning in 2026. The County is currently allocated approximately 0.64066% of the total State of Michigan local unit settlement and the total amount of the settlement is expected to be \$1,814,828 and \$418,848 from the Distributors and Janssen, respectively.

In 2022, additional settlements with pharmacies and manufacturers were announced, including CVS, Walgreens, Walmart, Allergan, and Teva, and the associated state-subdivision agreement was finalized in 2023. In 2023, additional settlements with Mallinckrodt and Meijer were announced. The term of the settlement varies by pharmacy and manufacturer; however, the County expects to receive installment payments beginning in 2024. The total amount of these settlements is expected to be \$1,707,276. Additional settlements with other pharmacies and manufacturers may be forthcoming as well. However, as of September 30, 2024, the amounts to be allocated to and collected by the County were not able to be determined, and as such, no amounts have been reported related to these settlements in the financial statements.

The receivable for the various settlement agreements was recorded at the net present value, using a discount rate for payments to be received subsequent to 2024 of 3%. The net present value of the combined settlement payments to be received as of September 30, 2024 is \$2,364,440.

ISABELLA COUNTY, MICHIGAN

Notes to Financial Statements

25. REPORTING UNITS AFFECTED BY ADJUSTMENTS TO BEGINNING BALANCES

The County previously reported the Opioid Settlements Fund as a nonmajor special revenue fund. The Opioid Settlements Fund meets the quantitative threshold for major funds in accordance with GAAP, for the fiscal year ended September 30, 2024.

	Opioid Settlements	Nonmajor Governmental Funds
Fund balance, September 30, 2023, as previously reported	\$ -	\$ 5,196,843

ISABELLA COUNTY, MICHIGAN

Notes to Required Supplementary Information

MERS Agent Multiple-Employer Defined Benefit Pension Plan

Notes to Schedule of Changes in County's Net Pension Liability and Related Ratios

The amounts presented for each fiscal year were determined as of December 31 of the preceding year.

Changes in assumptions:

In 2016, amounts reported as changes in assumptions resulted primarily from the following: (1) mortality table was adjusted to reflect longer lifetimes, (2) assumed annual rate of return of investment return, net of all expenses, was lowered from 8% to 7.75%, (3) asset smoothing period was changed from 10 years to 5 years and (4) the amortization period was moved to a fixed period amortization for the December 31, 2015 annual valuations.

In 2020, amounts reported as changes of assumptions resulted primarily from a decrease in the assumed rate of return from 7.75% to 7.35%, and a decrease in the assumed rate of wage inflation from 3.75% to 3.00%.

In 2021, amounts reported as changes of assumptions related to updated demographic assumptions, including adjustments to the following actuarial assumptions: mortality, retirement, disability, and termination rates.

In 2022, amounts reported as changes of assumptions resulted from a decrease in the assumed rate of return from 7.35% to 7.00%.

In 2024, amounts reported as changes in assumptions resulted from a decrease in the assumed rate of return from 7.00% to 6.93%.

Notes to Schedule of Contributions

Valuation Date	Actuarially determined contribution rates are calculated as of December 31, which is 21 months prior to the beginning of the fiscal year in which contributions are reported.
Methods and assumptions used to determine contribution rates (2024, based on the 12/31/2021 actuarial valuation):	
Actuarial cost method	Entry-age normal
Amortization method	Level percent of payroll, closed
Remaining amortization period	17 years
Asset valuation method	5-year smooth market
Inflation	2.50%
Salary increases	3.00% in the long-term
Investment rate of return	7.00%, net of investment and administrative expense including inflation
Retirement age	Age 60
Mortality	<ul style="list-style-type: none">Pre-retirement mortality based on 100% of Pub-2010 Juvenile Mortality Tables for ages 0-17, 100% of PubG-2010 Employee Mortality Tables for Ages 18-80, and 100% of PubG-2010 Healthy Retiree Tables for ages 81-120Non-disabled retired plan members and beneficiaries mortality based on 106% of Pub-2010 Juvenile Mortality Tables for ages 0-17, 106% of PubG-2010 Employee Mortality Tables for Ages 18-49, and 106% of PubG-2010 Healthy Retiree Tables for ages 50-120Disabled retired plan members mortality based on 100% of Pub-2010 Juvenile Mortality Tables for ages 0-17, and 100% of PubNS-2010 Disabled Retiree Tables for ages 18-120

ISABELLA COUNTY, MICHIGAN

■ Nonmajor Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Special revenue funds are part of the governmental fund category and, accordingly, are accounted for using the modified accrual basis of accounting. Revenue is recognized when it becomes measurable and available as a net current asset, and expenditures are generally recognized when the related fund liability is incurred.

The Department of Human Services special revenue fund operates as a "quasi-independent" unit.

Certain special revenue funds are required to account for specified activities of the Courts (the Friend of the Court Fund, and Community Alternatives Fund) or certain County departments (Veterans' Activities) or in accordance with public law (County Law Library).

Other special revenue funds are used to account for activities financed with specific revenue sources (the Geographical Information System Fund, Parks and Recreation Fund, Register of Deeds Automation Fund, Drug Law Enforcement Fund, Community Corrections Fund, Indigent Defense Fund, Concealed Pistol License Fund, Local Corrections Officer Training, CDBG Housing Assistance Grant, Tribal Contribution, Opioid Settlements, Child Care Fund, and the E-911 Fund).

This page intentionally left blank.

ISABELLA COUNTY, MICHIGAN

■ **Nonmajor Debt Service Fund**

Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

The *Jail Debt Service Fund* accounts for the debt service, including the accumulation of resources and payment of principal and interest, associated with the existing bonds previously issued by the County.

Nonmajor Enterprise Funds

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the County is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Building Inspections Fund – This fund accounts for the activity related to construction inspections.

Concessions Fund – This fund accounts for the government's sale of concessions within the County Jail.

PA 105 Fund – This fund accounts for the activities related to the County Treasurer's audits of the Homestead (Homeowner's Principal Residence) Exemption under Public Act 105 of 2003.

ISABELLA COUNTY, MICHIGAN

Fiduciary Funds

Fiduciary Funds are funds set up to account for assets held by the County, in a fiduciary capacity, for individuals, organizations, other units of government or other funds. The County's fiduciary funds are all custodial funds.

Custodial Funds

Custodial funds account for resources received and held by the County, in a custodial capacity, for individuals, organizations and other governments.

The *General Custodial Fund* is used to account for collection and distribution of court-imposed fines, current property tax collections remitted by the taxing units, and other similar collections.

The *Inmate Trust Fund* is used to account for cash held on behalf of inmates lodged in the county jail.

The *Library Penal Fines Fund* is used to receive funds from penal fines imposed for State law violations. Funds are transferred periodically to the various libraries within the County.

The *Central Michigan District Health Department Fund* is used to account for the funds held on behalf of the Health Department.

Fund Balances of the Governmental Fund of the Drains Component Unit
to Net Position of the Governmental Activities of the Drains Component Unit
September 30, 2024

Fund balances - drain component unit	\$ 6,242,583
--------------------------------------	--------------

Amounts reported for *governmental activities* in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.

Capital assets not being depreciated	206,595
Capital assets being depreciated, net	29,787,790

Because the focus of governmental funds is on short-term financing, some assets will not be available to pay for current expenditures. Those assets (i.e., receivables) are offset by deferred inflows of resources in the governmental funds and, therefore, are not included in fund balance.

Deferred long-term receivables	11,008,182
--------------------------------	------------

Internal service funds are used by management to charge the costs of certain equipment maintenance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.

	110,017
--	---------

Long-term debt and other noncurrent liabilities are not due and payable in the current period and therefore are not reported in the funds.

Bonds and notes payable	(12,474,578)
Accrued interest on bonds and notes payable	<u>(150,001)</u>

Net position of drains component unit	<u>\$ 34,730,588</u>

ISABELLA COUNTY, MICHIGAN

Reconciliation

Net Change in Fund Balances of the Governmental Funds of the Drains Component Unit
to Change in Net Position of the Governmental Activities of the Drains Component Unit
For the Year Ended September 30, 2024

Net change in fund balances - drains component unit	\$ 78,286
---	-----------

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Capital assets purchased/constructed	374,406
Depreciation expense	(732,364)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds, but rather are deferred to subsequent fiscal years.

Change in deferred long-term receivables	(877,004)
--	-----------

Internal service funds are used by management to charge the costs of certain equipment maintenance to individual funds. The net increase (decrease) in the net position of the internal service funds is reported with governmental activities.

Net change in net position of the internal service fund	7,614
---	-------

Debt proceeds provide current financial resources to governmental funds in the period issued, but issuing debt increases long-term debt in the statement of net position. Repayment of debt principal is an expenditure in the funds, but the repayment reduces long-term debt in the statement of net position.

Principal payments on long-term debt	1,019,610
--------------------------------------	-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.

Change in accrued interest payable on long-term debt	12,164
--	--------

Change in net position of drains component unit	\$ (130,588)

Source: Isabella County Equalization Department

Note: Property in the County is reassessed annually. The tax rates are applied to taxable value to generate revenue. True cash values are estimated at twice the State equalized values. Estimated actual value is calculated by dividing assessed value by those percentages.

Tax rates are per \$1,000 of taxable value.

Table 6 - Unaudited

Total overlapping debt			<u>122,515,090</u>
Total direct and overlapping debt			<u>\$ 158,326,482</u>

Source: Municipal Advisory Council of Michigan

Note: the Municipal Advisory Council gathers all the financial obligations of the various political jurisdictions that also partially falls into a neighboring jurisdiction throughout the State of Michigan and maps out this debt geographically to determine the total overlapping debt that is the responsibility of each taxpayer within each jurisdiction. This proportional share of the other jurisdictions debt, plus the County's direct debt together make up the municipality's overall debt amounts. The overlapping percentage is calculated by dividing the taxable value of property of the overlapping government located in Isabella County by the total taxable value of all property in the overlapping government.
